DETAILS I was standing in the front row to the left of the stage while Jason Alden was performing. He had just started a new song when there was a sound of loud popping. We all seemed to think it was fireworks. Jason hesitated briefly, started up again & more loud bangs. Then he ran off the stage & that's when I realized we were under attack. We all hit the ground & as we got up someone near me yelled "she's been shot" I felt warm blood on my shirt & I realized it was the lady who had been standing next to me who was shot. They lifted her over the barrier wall to get help. More shots & we hit the ground again. This time I was trampled & pinned. A guy on top of me was pinning my leg to the ground. He just kept yelling stay down - I was finally able to break free & ran to the side when more shots rang off & hid the ground again. I was able to exit a gate & an officer directed me to go to Hooters. It was total confusion. At this point I thought the shots were coming from a helicopter not the Mandalay Bay.

A helicopter (which turned out to be a metro chopper) flew over & I panicked thinking we were going to get shot at. I should mention that when this all initially happened I sent a text to a friend of mine at 10:08pm saying omg they're shooting at us. I did this the first time I hit the ground taking cover. So in order to get to Hobers I had to jump a wall & a wrought iron fence. We ended up by some apartment building as we were running toward Hobers a bunch of people came running at us from that direction acting like there were active shooters there. We turned & ran into this apartment complex. At this point approx 10:17pm I called my son who's at college in Vermont. I wanted to tell him I love him & let him know I was OK but scared. I felt like we were sitting ducks in this apartment complex so a bunch of us finally left & ran back towards Hobers. We had to go around another wall (I was too tired to climb another one) we got into Hobers & were put on lockdown for the duration. We hid in the bathroom initially & then we all just layed down in the hallways waiting it out. During the night officers came through several times in full body armor with weapons drawn which was very scary. I finally found out at approx 5:30-6:00am we could leave. I had to walk to Top of Paradise to get a Lyft home since my 3 wheels cancelled due to the streets being blocked off. I came to Southern Hills ER on Mon. 10/2 to get evaluated initially for possible shrapnel in my right leg I was told there was none. I came back today Tues 10/3 to have a CT done on my

DETAILS We were standing on the grassy area watching Jason Aldean perform, about 150 feet away and we were standing mid stage. All of a sudden (after a few songs) I heard pop pop pop pop pop... like fireworks. I looked right and felt nervous. Then I heard more pops go off. People right next to us looked like they were shot, ^{some were on the ground} Everyone pushed out and made a circle in a sense and people were down on the ground. I ran left with my sister, husband, and brother in law. We ducked to the ground. Then as more shots fired we ran out of the venue, to the left. We got to an area w/ tractor-trailers and hid behind and underneath them w/ other people trying to figure out what to do. Then more shots were firing. It seemed like they were getting closer so we made a run for it. There were two cars parked and we all hid behind the two cars. Someone standing behind the car w/ us "got shot in the head". That's what someone said but I didn't see her. Eventually we made it to the hangar and waited for the bus to transport us.

DETAILS:

Tenía desde las 11 de la mañana trabajando, había tomado un break de 15 mins y a las 8:00 p.m. tomé un lunch de media hora. Estaba adentro de la camioneta de la comida, durante ese tiempo estaba trabajando picando verduras para la preparación de los kebabs. Estábamos contentos porque faltaba poco para que concluyera el evento y poder descansar. De repente escuché un fuerte ruido que yo pensaba que era cucler, y dije «ahí como el 4 de julio están echando cucler» Me asome por la ventana de la lonchera para ver si los podía ver pero no mire nada y de repente se intensificó el sonido como tipo metralladora y escuché decir «¡nos están disparando! ¡nos están disparando! Ya no había nadie en la lonchera cuando giré para ver a mi alrededor. Mientras tanto escuché que no nos moveramos, en lo que yo decidí buscar refugio en una area de cabinets en donde intenté meterme pero nada más quise la mita de mi cuerpo. No paraban las rafagas de balas. He quede atorada pero no paraban las balas temí por mi vida y decidí salirme de la camioneta (lonchera) Al querer salir recordé que había olvidado mi celular y bolsa, regresé por mi celular por si me pasaba algo poder despedirme de mi familia. Al querer salir y ver una estapida

De gente por el lado izquierdo del vehículo. Todo era muy confuso, no sabía lo que hacer. Todos corriendo por todos lados. La gente huyendo. Unos brincando a otros. Gritaban que eran varias tiradas. Y todo mientras seguía la lluvia de balas. Estaba muy confundida y solo pensaba en mis hijos. Encontré una salida gracias a un policía que nos empezó a guiar y corrí hacia la tropicana y seguí corriendo hasta llegar al Tropicana Casino. En lo que corrí al casino le hablé a mi esposa que rezara por mí porque nos estaban baleando y le dije que si me pasara algo cuéntale de nuestros hijos y le colaré. Me metí al casino, nos subimos a los elevadores con gente que venía huyendo del concierto. Se abrió el elevador en el 9° piso y empezamos a caminar por los pasillos y estuvimos al lado de las máquinas de dulce. Al ver un pasadizo del hotel abrió la puerta le suplicamos que nos diera alojamiento y aceptó, ahí estuvimos a salvo varias horas. Como a la 1:50 a.m. yo dije que me quería ir pero en el lobby ya no nos dejaron salir y ahí estuvimos hasta las 4:30 a.m. De ahí caminé hasta la paradise (eastward) y tropicana, mi hermano me recogió ahí. Llegué a mi casa a abrazarla toda. Mis días desde entonces me la paso llorando, no he podido comer bien, no tengo ánimos, intento estar bien por mis hijos pero estoy deprimida. Me siento culpable porque solo pensé en mí, pienso que pude haber hecho más por ayudar pero tuve tanto miedo y hoy estoy llorando y me siento mal. Lo único que pensaba en que mis hijos necesitaban a su mamá pero hoy pienso y me remueve la conciencia en los que no ayudo.

Hace unos cuantos años yo estuve al borde de la muerte mientras daba a luz a mi bebé. Murieron mi bebé y yo por poco también. Al ir corriendo es a noche pensé en toda esa experiencia de haber y estado a punto de morir y rogándole a dios que no fuera morir. Otra vez me encontré respaldado a dios de morir. Mi experiencia de haber casi muerto dos veces me hacen sentir más impotente, frágil, débil, porque no puedo sacar de mi mente la muerte de mi hijo, las ráfagas de esa noche, ~~de los~~ los muertos a mi alrededor, la sangre, los gritos, la ansiedad de no saber si iba a vivir.

El martes fui al UMC aquí de acá porque no me sentía bien. Me dolía la cabeza, me daban ganas de vomitar, no me sentía bien. Cuando me tomé con la presión y marcó 160/112. Yo nunca he pasado de presión alta, ayer también la tenía a en 175/114. Me estoy tomando hydralazine para la ansiedad pero no siento que me esté ayudando. Cada vez que recuerdo esa noche me sube la presión.

DETAILS:

On Oct 1st I was at the route 91 harvest festival. I was sitting in the lawn chair section and Jason Alean started playing. I heard popping noises coming from the Mandalay Bay. I kept staring at the top of the hotel wondering why they would be trying to do fireworks. To the side flashes of light coming from the hotel about half way down. Then the popping got louder. I heard people screaming. Jason Alean ran off stage and the lights turned off. I layed on top of my 12 year old daughter. The gun fire sounded so close it sounded like we were surrounded. There was a second of silence so we took off running. My daughter and I ended up at Xterious Escape. There was a man who was shot. I called 911 but the lines were so busy. The people working at Xterious Escape locked the doors. We stayed in there for hours with about 15 other people. Some people who were at the concert and some who were doing the escape room. Around 1am the police gave us the okay to walk to the MGM. We stayed with a stranger named Alex on the 7th floor of the MGM until I found my parents and sister.

DETAILS I was watching the Jaron Aldean concert with my boyfriend and several friends. We heard what sounded like fireworks, but quickly became clear that it was gunfire. We were standing in the center-left of the Venue, and began to run after the second round of gunfire. We dropped down twice to the ground and then ran out through a bar exit, stopping once and then we ran/exited the festival grounds - followed a crowd to the Atlantic Aviation airstrip and eventually crowded inside a hangar. We then evacuated to UNLV.

DETAILS:

I was standing with my fiancé by the bleachers in the grass area towards the middle. I heard a few pops but it sounded like fire works. After a few mins it got louder and more ~~keratan~~ pops. I heard people yelling "Get down!" or "Run!" We ran all over near the exit. Someone told us to run east so we all ran around it was hard to find an exit people were bleeding and jumping the fence. The shots went on for 10 mins non stop. I couldn't tell where they were coming from. It sounded close but I kept running. My car was at Tropicana hotel in the side parking lot. We got in my car and we drove to UMC where my brother was transported to.

we were standing towards the front on the side of the stage by Mandalay Bay. We heard shots. No one thought it was real. Then they shot again - many many rounds. We ran. Every time more shots rang out we layed down. We were laying down and my friend was hit in the side or in the leg. I got her up and made her run away - towards the back we ran as far as we could. She was taken from me and they ran with her. I hid behind the bathrooms.

DETAILS

I WAS enjoying Jason Aldean when I thought I heard fireworks. Then I saw Jason Aldean & his crew flee from the stage, and many people around me started to get on the floor. Right before I got on the ground, I saw a girl who was shot & bleeding and that's when I knew it was a shooting. Eventually we started running towards the airport & ended up in an airport flyer. I did not see a shooter or anything specific, but I was under the impression that the shots were fired from either the Mandalay or Luxor. Supposedly someone saw lights of a gun going off at the balcony of the Mandalay. I don't remember who said that or saw it though.

DETAILS I WAS WITH MY wife, mom, and 2 SISTERS at the ADA/Handicap Seating section when what sounded like firecrackers went off. It happened again, and people began to run. we grabbed my sister from her wheelchair and began to run thru the suites towards the airport. We eventually made it to and into an airplane harbor, where we were picked up by a bus. During the run to the airport, we heard multiple shots of gunshots. I was unable to see where the shots were coming from.

DETAILS:

I was working the Route 91 concert on both Saturday and Sunday. On Saturday evening, when I was working at the main gate a man approached me and the usher next to me. He spoke to her first and then gave me a slight hug and said "be safe tomorrow, I don't want you to get hurt". He then walked away. The usher next to me then asked me what he had said. When I told her, she said that he had something similar to her. We both commented that it was very strange thing to say at a concert. That's why I remember it.

I can't remember too much about him because it was getting dark. I remember a slight beard, him being about 5'7" or 5'8" ish. He had on darkish jeans and a dark colored shirt possibly plaid. That's about all I remember because many entered these gates on a continuous basis.

This statement is so late due to the fact that my purse, house key, and phone were locked in my car behind the venue until Tuesday afternoon.

DETAILS We were facing west (sitting in Coke suites) and heard what sounded like a firecracker. Then another and realized it was an active shooter so we began to evacuate the suite i headed east on foot towards Lot 2 near Ali Baba. Shots continued and several guests followed suit heading the same direction. Basically - we didn't know they were real gunshots until we started seeing the crowd evacuate. Which I imagine they knew they were real bc they prob. saw actual shots fired near them and possibly people being hit.

On October 2, 2017, contact was made with [REDACTED] [REDACTED] telephone number [REDACTED] at Sunrise Hospital. [REDACTED] was advised of the identity of the interviewing Agents and the purpose of the interview. He then provided the following information:

[REDACTED] is a Police Officer in Newport Beach, CA. He was attending the Route 91 Fall Harvest concert at the Mandalay Bay on October 1, 2017. [REDACTED] was with a large group who were standing by secondary speakers to the right of the stage. There was a Maui Jim sun glass kiosk by where he and his group were standing. [REDACTED] had gone in to a bar to order drinks when he heard the first series of shots. Initially the shots sounded like fireworks. [REDACTED] heard a second series of shots and realized it was gunfire. When the second series of shots was heard people started to panic. Approximately 2 1/2 to 3 minutes in to the shooting [REDACTED] was shot in the leg. When the third series of shots started the bullets were coming at [REDACTED] at a 45 degree angle. The gunman would fire off what [REDACTED] estimated to be 30 round magazines. The gunman would pause shortly before resuming fire. [REDACTED] estimates that the gunman fired eight to nine magazines of approximately 30 rounds each.

[REDACTED] started to lead his group to safety. He would wait until the gunman paused shooting and then tell his group to run. [REDACTED] and his group ended up by the House of Blues. At this point the gunman was purposely targeting [REDACTED] and his group and not just randomly shooting. [REDACTED] believes that the gunman was targeting his group at this time because the area was well lit. People who were in the shadows did not seem to be getting shot at. The gunman fired off two more magazines and then [REDACTED] and his group forced their way through a fence. At this point, [REDACTED] and his group encountered Las Vegas Metropolitan Police Department (LVMPD) Officers and were directed by them. The LVMPD Officers were well armed and behind a vehicle so [REDACTED] and his group stayed with them for about 15 minutes.

[REDACTED] and his group went to the Hooters Casino for shelter but for some reason people started panicking inside Hooters so [REDACTED] and his group went to the Coco's restaurant and stayed there. [REDACTED] was getting

[REDACTED] saw a flashing light from the Mandalay Bay Casino but does not think it was muzzle flash. [REDACTED] believes that he was not more seriously injured because of the distance the gunman was shooting from caused the bullets to tumble.

SUBJECT

DIVISION REPORTING:	<u>CCAC – Patrol/Flex</u>	DIVISION OF OCCURRENCE:	<u>Convention Center Area Command</u>
DATE & TIME OCCURRED:	<u>10-01-2017 & 2230 hrs</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay/Rte 91–3950 S. Las Vegas Blvd, Las Vegas, NV 89119</u>

NARRATIVE:

On 10-01-17, at approximately 2219 hours, Sgt. F. Obasi P# 6642, sent out a group message to our squad, CC15, that there was an active shooter incident that was on going at Mandalay Bay. Due to Sunday night to Monday morning being our squad's RDO, Sgt. Obasi requested any available body to head in to the call.

I, Officer C. Wandick P#9174, replied that I would be en route, via the group message, and left my home at approximately 2222 hours. I arrived at Convention Center Area Command at approximately 2245 hours, dressed out/grabbed gear, and got inside a patrol vehicle. I immediately responded to the Tropicana hotel where there was radio traffic describing a possible active shooter, and that the triage EMT area was actively being shot at.

While at Tropicana hotel, we made a strike team consisting of two more officers. Once we walked on property, and met with other officers already located at the Tropicana hotel, we determined there was no active shooter inside. There were many citizens standing in open areas around the hotel and they were advised to head in to the casino area until told otherwise.

Sgt. Obasi advised he was at the Chateau nightclub conducting a sweep and for our now six officer-strike team to meet him at the Paris Hotel. We arrived at the Paris hotel valet area and walked through the casino floor. There were numerous citizens who were being directed and escorted by security and officers to clear the casino floor. Sgt. Obasi advised that we would head to SCAC in order to be assigned a strike team number. While in our patrol vehicles driving south bound on The Strip, there was radio traffic to immediately cover the pedestrian bridges above Harmon and Las Vegas Blvd, and to keep them clear.

Sgt. Obasi re-directed our strike team to cover the pedestrian bridges between: Cosmopolitan, Aria, Planet Hollywood, and Harley Davidson buildings. The casinos began to lock down their properties and many tourists were left wandering on The Strip and on the pedestrian bridges. For approximately 1 ½-2 hours we directed tourists and civilians to continue moving and to stay off the pedestrian bridges.

Sgt. Obasi made phone calls to the CP at SCAC to determine where our efforts were needed. We reported to SCAC and waited to be deployed to the next area.

OCCURRENCE:3950 S. Las Vegas BlvdNARRATIVE:

On 10/1/17 at 2116 hours I Field Training Officer C. Hendrex P#9995 along with my day 2 trainee Officer E. Varsin P#16252, while operating as marked patrol unit 3M14, were dispatched to the Mandalay Bay Hotel located at 3950 S. Las Vegas Blvd in reference to a routine in custody call. The details stated that hotel security had two females in custody for trespassing. Upon our arrival we made contact with security who escorted us to the security office. We made contact with the females in custody, one of which had prior arrest history for prostitution and the other had admitted to security that she was under 21 years of age and in the hotel drinking alcohol and gambling. Both females had previously been trespassed from MGM properties and were not permitted to be at the Mandalay Bay. Neither female had warrants for arrest and I made the decision to give both females class 2 citations as this would be a good learning experience for Officer Varsin as class 2 citations are something that we do on a regular basis at convention center area command. Officer Varsin then had to walk back out to our patrol vehicle, escorted by a security officer, to get her misdemeanor cite guide while I stayed in the security office with the suspects. When Officer Varsin returned I retrieved 2 citations out of her citation book and gave one to her and I took one to show her how to complete a class 2 citation.

About half way through the citation at approximately 2207 hours I heard an Officer get on the radio and say that there was an active shooter inside the Route 91 Music Festival, which I knew to be across the street from the Mandalay Bay hotel. I then informed the security personnel that were in the office with me of the information that I had just received and I immediately got up and walked out of the security room door toward the front of the casino. I knew that if I could come at the shooter or shooters from another side or a different angle then we could surround and contain them from escape and keep them from hurting more victims. While heading across the casino floor we received more information regarding the shooter or shooters. I heard on the police radio that at least some of the shots were coming from somewhere inside of the Mandalay bay about half way up on the side of the casino closest to the strip and not just from the concert. One Police Officer said that they were taking rounds and were pinned down and I could hear gunfire in the background of the radio transmission. I once again shared this information with the security personnel with me and we continued running across the casino floor. A moment later one of the security personnel stopped and said that he heard over the hotel radio that the shots were actually coming from the 31st floor. I then told him to take me there. He directed me to an elevator and I asked him if this was the tower closest to the strip and he said that it was. (It should be noted that Officer Varsin activated her BWC while still in the security office, I forgot to turn mine on until later). We then got into the elevator and I realized that Officer Varsin was right there with me along with 3 security managers, whom were identified later as [REDACTED] and [REDACTED]. As we rode up the elevator I distinctly remember saying a prayer in my head for all of us in the elevator and the ones still dealing with the shots coming at them.

At some point I pulled out my firearm, as I do not remember doing this, but when the doors opened on the 31st floor my gun was in front of me and I was clearing around the corner and then down the hall to try and locate the shooter or shooters. The floor was quiet and no one was in the hall. As I made my way down the hall I had to stop [REDACTED] from racing down in front of me as I knew that he was a civilian and not wearing any body armor and it was also my responsibility to be first in the stack. I told him to slow down and walk next to me if he wanted to. While going down the hall one of the guys said that there was a stairwell at the end of the hall. Once we were near the end of the hall we heard a volley of automatic rifle fire start. The sound of the shots were so very loud and reverberated through the hall like thunder all around and above us. Above us I could tell that it was coming from the floor above us on 32. I then told everyone to get back and we retreated a few doors from the end of the hall. I know I hesitated and remember being terrified with fear and I think that I froze right there in the middle of the hall for how long I can't say. I do know that at 2212 hours I got on the radio and told dispatch that I was inside the Mandalay Bay on the 31st floor and that I could hear the automatic fire coming from the floor above us. (I regret not being clearer in my radio traffic and saying 32nd floor because after hearing myself later I said "coming from one floor ahead, one floor above us, I stumbled my words")

I once again hesitated as the shots were still being fired from the 32nd floor and I remember saying another prayer in my head for God to keep us safe. I did not know what to do next. I remember thinking that I had myself, my day 2 trainee and 3 security managers. Between the 5 of us only I and Officer Varsin were wearing body armor and all of us were only armed with a handgun each. The shooting stopped and all I could think was to stop the shooter or shooters from becoming mobile and or escaping. At 2215 hours the last shots were fired and we then made our way back to the end of the hall to the stairwell. Once at stairwell door I had to again stop [REDACTED] from opening the door as once again I knew it was my responsibility. I then made entry into the stairwell and quickly cleared down then up and around the stairs to the 32nd floor door. I walked up to the 33rd floor and I know that my tactics were lacking because I do not remember taking my eyes off of the 32nd floor door and the front sight of my handgun (I don't remember looking and clearing where I was walking). Once on the 33rd floor looking down I saw that everyone was just standing on the stairs except for me and it did not seem right to me and felt like a tactical mistake and put us at a disadvantage should someone start shooting and or another shooter come from the lower levels. I then told everyone to go back down to the 31st floor of stairwell and to try and be as quiet as possible because at some point one of the guys told me that the door to the suspects room was just outside the stairwell door to the left and I knew that the suspect or suspects were just feet from where we were all walking. It was one of the security officers that was with me that told me the room location, I assume it was because it had come out on their radio, but it had not been identified on my radio yet that I remember. After we returned to the 31st floor I realized that [REDACTED] had followed me all the way up and had not come back down with us so I asked [REDACTED] to radio him and have him come back down to us. Once we were all back on the 31st floor I heard Officer Varsin's camera beep, indicating that it was recording, and I realized that I had forgotten to turn mine on. I then reached down and turned my BWC on, moments later at 2217 hours I got on the radio again and said "control 3M14 I'm in the stairwell on the 32nd floor". I then heard on the radio that there was another group of Officers who were on the 32nd floor as well but on the opposite end of the hall from where I was, I assumed that they had come up the elevator or another stairwell.

I could feel my mouth was extremely dry and cotton mouth and I had no spit I also felt myself starting to get tunnel vision and I can remember concentrating on tactical breathing to calm myself. I could hear over the radio that there were multiple other properties, the New York New York I remember in particular because my daughter is a Lifeguard there, that were having reports of active shooters as well with people sheltered in place and the radio was still very busy with officers updating and calling for medical as well. I thought that Las Vegas was under a very coordinated attack.

The lights in the stairwell were motion activated and at some point they came on from below us but as we looked we couldn't hear or see anyone. An unknown amount of time for me passed and we were once again alerted to movement from below but this time as I looked through the stair railing I could see an Officer in a green SWAT uniform wearing a flack helmet and I told my team that it was SWAT. The Officer said "Metro Metro Metro" and I echoed back to him "Metro Metro Metro". When he made his way to us I recognized him as K9 Sergeant Bitsco because I have worked the yearly K9 trials for the last several years now. (I have never been happier to see another man's face in my life) Sgt Bitsco had a 3 or 4 man element of other Officers with him

and he asked us where we came from and asked if we had cleared the 31st floor. I don't know what exactly what I told him but I know that we came from the elevator on 31 and down the hallway but had not cleared the floor room by room when the shooter or shooters had started another volley and that we came into the stairwell to prevent an escape once the shooting stopped. Whatever I told him Sgt Bitsco told us to stay where we were, covering down on the 32nd floor door while his team cleared 31. We did and at 2255 hours Sgt Bitsco returned to the 31st floor door he went out along with more officers with him this time. (I was happy to see him again)

I was very relieved that the Sarge was now in charge and making the decisions. Plans were made to breach the door and I assisted in taking down the lights on the stairwell to make it dark and give us a tactical advantage. More Officers arrived from the 31st floor and one of them was carrying a bag of water and Gatorade and was asking if we needed any. I was once again very happy as my mouth had been extremely dry for what seemed like hours and I had a drink.

At 2320 hours the call from the front of the stack was "Ears" then "Breach Breach Breach" and BOOM. At 2327 hours the second breach was done and the front of the stack said code 4 suspect down. Once the room was cleared one of the plane clothed detectives who was with Sgt Bitsco, I assume he was a detective, asked who the trainee was and Officer Varsin, who never once left my side, said "I am sir". The detective then brought Officer Varsin into the hallway of the suspect door and started to show her the suspect's door and other areas of evidence in the crime scene as he was about to task her to stand guard until the crime scene analyst arrived to process the scene.

At this time I heard my name "Cordell" come from the other end of the hallway and I recognized the voice as Officer J. Bromley P#13723 and I looked and also saw Officer M. Belanger P#14023, both Officers from my squad at CCAC CC31. I met up with them in the hall and learned that they and their trainees had been part of the teams that were clearing the 32nd floor on their way to the suspect's room from the opposite end of the hallway that we were on. At this point Bromley and Belanger and a large group of Officers they were with, seemed like maybe 25 Officers, were told to clear from there and go to the lower valet and check in with SWAT lieutenant Leon for reassignment. At this time a plane clothed sergeant, I could see his chevrons on his TAC vest, told myself and Officer Varsin to go with that group for reassignment. We then grouped up with Bromley and Belanger and their trainees and checked in with LT Leon. LT Leon tasked the 6 of us to assist with security of the lower valet as it was both part of the crime scene with broken glass from the suspect room as well as the staging area for the strike teams to assemble and go continue to clear floors for more suspects as well as the force protection teams. We still did not know if this was over or not and if more shooters were still outstanding. While conducting security a trespassed male was located in the bushes in front of the Mandalay Bay and was ultimately given a citation for trespass by Officer Varsin and released. We remained the security detail there for the rest of the night and on into the morning. Officer Varsin and I were relieved and cleared and secured at 0800 hours on 10/2/17.

DETAILS:

MY FAMILY ATTENDED THE ROUTE 91 CONCERT ON SUNDAY 10/01/2017 WHILE JASON ALDEAN WAS PLAYING. DURING THE CONCERT WE STARTED HEARING POPPING NOISES THAT WE THOUGHT WERE FIREWORKS. IN THE MOMENTS THAT FOLLOWED WE BEGAN TO HEAR A LOUD MACHINE GUN. THE STAGE LIGHTS WENT OUT AND WE KNEW WE WERE IN TROUBLE. THE SHOTS WERE LOUD AND CLEAR AND FELT SO CLOSE. MY FIRST THOUGHT WAS "WE ARE SURROUNDED BY TERRORISTS AND WE'RE ALL GOING TO BE KILLED". MY GRANDDAUGHTER WAS SITTING BY MY FEET AND ONCE WE REALIZED IT WAS NOT FIREWORKS I IMMEDIATELY LAYED ON TOP OF HER TO SHIELD HER FROM THE BULLETS. MY DAUGHTERS AND MY HUSBAND KNEW WE HAD TO TRY TO GET OUT. MY HUSBAND SAID "GO", AND MY DAUGHTERS AND GRANDDAUGHTER TOOK OFF RUNNING FOR SAFETY. WE WERE SEPERATED FROM THEM.

WHEN WE FINALLY GOT TO THE PARKING LOT PEOPLE WERE PANICKING SO BAD AND SCREAMING "THEY'RE COMING" SO ONCE AGAIN WE THOUGHT WE WERE GOING TO DIE. THE SHOOTING WAS STILL HAPPENING. WE WALKED IN BETWEEN THE CARS TO AVOID BULLETS AND ENDED UP AT HOOTERS. WE TOOK COVER INSIDE HOOTERS AND WATCHED THE NEWS. AFTER JUST A FEW MOMENTS PEOPLE STARTED SCREAMING AGAIN AND SAYING "THE SHOOTERS ARE HERE". SO ONCE AGAIN WE HIT THE GROUND AND TOOK COVER. AT THIS TIME THE NEWS WAS REPORTING THEY DIDN'T KNOW HOW MANY SHOOTERS THERE ARE.

AFTER SEVERAL HOURS WE WALKED TO OUR HOTEL. GOT IN OUR VEHICLE AND PICKED UP OUR CHILDREN. MY DAUGHTER HAD FALLEN AND WAS STEPPED ON TRYING TO GET TO SAFETY AND HER FOOT WAS BROKE. MY OTHER DAUGHTER AND GRANDDAUGHTER WERE FINE BUT IN SHOCK.

DETAILS:

On the first we were on our way to Vegas when our car broke down it broke down in Newberry Springs, California. And one of our friends friend came for us and took us to her house in Vegas. When we got there we got ready to go down to the strip. We got down to the strip and we went to a mall. We went outside of the mall and we were walking outside. Then we saw people running and they were saying there is a shooting. We all ran inside then we heard a gun shot inside so me, my boyfriend, and one of my friends ran to where the police thing was at. And we all got separated. We were going back to the mall to look for our friends when we saw cops all over the place. And one cop told us to run inside the casino located inside the mall. They took us all the way to the back and when we were there we went to go look for our friends. When we found our friends one of them was fainting so we had to carry her. We went to the car and took our friends to the friends house when we dropped them off the rest of us headed back to Phoenix. I didn't go to school until two days later. I was so traumatized and I couldn't sleep.

DETAILS about 20 feet from stage on the left side. Heard popping like firecrackers - about 6-7. They stopped - everyone around me was confused. We heard them again and the music stopped - the people around me crowded to the stage & the band ran off stage. Shots again were fired & we started running to the left, toward the airport. people were climbing the fences & breaking them down to get out. we kept running and hiding further from the concert. finally ending up in an airport hanger in the corner.

Noticed there was a green fast flashing light in the hotel - Mandalay Bay window but half way up. - I thought it was strange to have a flashing light coming from the hotel. window facing the concert area on the right side of middle -

On Oct. 1, 2017 at approximately 10:00 pm, initial noises were heard that resembled "firecrackers" brief pause, then appeared to be single shots, then multiple shots. Initial noises caused people to yell and get down to a crouch to avoid being shot. Several went to ground. Myself & family fell to ground. Feeling wounded, I attempted to go back to cover family. Another EMT covered and assisted. After approx 5 mins ran towards nearest exit near Koval. Staged at hotel - assisted in triage. Wife is RN, daughter is EMT they assisted in triage/medical care. Transported to hospital.

I was inside the ~~red~~ venue watching the concert. We were in the very center when we heard what we thought were firecrackers. I could not see where the gun shots were coming from. But they were automatic rounds going on and on. We were all just squatting down. As soon as I did I felt the shot to my right foot. As soon as the shooting stopped we would run - then we continued to take cover when the shooting started again. We ran out a side exit to try to get help and they told us to keep running. We went to a back door at Hooters until I was loaded in the ambulance.

DETAILS

During final act a sand like fireworks or
white crackles began. A few moments later, my husband
told our group that he had been hit. The shots
continued for a very long time. After several minutes,
we made our way out of the festival area by
moving only when the shooter was likely reloading.

DETAILS

Listen to what sounded like fire works due to distance until I was shot in left leg. Kept everyone down until Reload breaks. Ran for cover after 3 or 4 Reload breaks. Elderly couple drove us to UML because I ask to go there. I am a UML employee. I was standing facing north when I was hit in the leg. Leg hit from west. Wounds entered west and exited east.

DETAILS:

I was on the right side of crowd that was up close to the stage. When I heard the first string of shots many people dropped to the ground. I stayed standing because I thought it was fake and not really happening. As it continued it was clear it was gun fire and there was blood. I ran to take cover by jumping a barrier fence that was center of the open area. I believe it was a crew or light area. It was a metal fence. I then took a large trash can and took shelter flat on the ground with the fence + trash can between me and where the shots were coming from. I was keeping my head on the ground tight to the can + fence. Others were joining me. Another lady + her boyfriend were basically on top of me while a man was shot and dead right beside me. We stayed flat and covered talking trying to calm each other. Many were still running. I waited longer waiting hoping the shooter would be contained. From there I went over the left fence of the area. I was in staying tight to the fence as I look to see that most had cleared the area. There was a dead girl in a wheel barrel. I ran back to the chair area to get my purse and cell phone. From there I ran out the east side of the venue running very tight to the wall back to tropicana. [REDACTED]

DETAILS

I was at the concert venue for Route 91 across from Luxor / Mandalay Bay w/ several friends. At about 10:00 we heard what we thought were fireworks on the right hand of the stage. When the performer ran off the stage and we all hit the ground. ~~and~~ I wasn't sure what was happening but that it was loud & constant and sounded like a machine gun. Everyone was screaming & crying to stay down. There was a pause in the shooting & everyone started running. I ran to not be trampled. Then we ran & the shooting started up again & we hid behind a concession area & squeezed in between some garbage cans. I did not know where the shooting was coming from but it sounded like a different direction. When the shooting paused we ran again & ended up @ Tropicana hotel where we were in lock down until 4:00 Monday A.M. I was so scared & in fear of my life. I have no physical injuries.

DETAILS:

My husband and 2 friend and I were staying on the 32nd floor of the Mandalay Bay 9/29-10/1. Our room number was 32-335. I did see a suspicious man on Saturday night and reported that to the FBI. The man was not Stephen Paddock. We were on stage front right side (closest to Mandalay Bay) when the shooting started. We initially heard about 6 gunshots but dismissed them as fire works. Less than a minute later, rapid fire erupted and people all around us were getting shot and falling to the ground. We couldn't tell where it was coming from as it felt and sounded like it was coming from all directions. We dropped to the ground. We decided we needed to run but didn't know where we should go. We headed left toward center stage. Shots kept firing. We dropped down everytime. People were falling on top of us. We kept running, tripping over bodies and made it to the bar behind the sound booth. We flipped tables to try to protect ourselves from the bullets and shrapnel. A bullet grazed my left leg. My friend was hit in his legs and feet with shrapnel. We stood up to run again and a woman in a black shirt right behind me was shot and fell into me - both of us falling to the grounds. Someone rolled her off me and we ran to the dumpsters left of the stage and near the back. When the gunfire finally stopped, we ran to an airport hangar and were eventually transported to a cell phone lot.

DETAILS I was approximately 20 yards from the stage when Jason Aldean was performing. I was right next to the end of the bar and the barrier separating the left & right side of the fans. I don't recall the exact time, but it was probably Jason Aldean's 5th or 6th song when I heard what I thought were fireworks and about 15 yards to my right (west of me). I then heard a female scream & "I got shot" and saw she was hit in her left shoulder. I saw another woman go down. Everyone hit the ground & shots continued. I then jumped the barricade & saw a security guard lying on the ground with what appeared to be a bullet wound to his head. He appeared dead. I ran out of the venue, thru Hooters & to Thomas and Mack center.

DETAILS Around 10pm on 10/1/2017, I was standing in the 10th row of the concert. When I thought I heard fireworks, I looked up to see who it was or what it was. The singer Jason ducked his head the lights shut off and I started to run away from the sounds. Everyone started to scream. And other people kept saying they were just fireworks. Little things were falling all over I'm not sure what they were. We kept running away. My friend and I, I saw two people while running on the floor dead. I ran and ran until we got to a brick wall. I jumped down and there were 5 guys or more helping everyone under near the fence. Once we got under the fence we saw the doors to the MGM airport and there was a big plane. We went into that garage and we were secured. Then we got moved to another garage. There was someone on the floor w/ a wound. From the shooting medics came. They started to put us on boxes and now we're here in the stadium. Thomas and Mac.

DETAILS I was exiting when I heard the gunfire. We weren't sure it was gunfire. We saw Sheriff's running and yelling to take cover. We took cover behind 4 police cars. A few Sheriff's came and got their rifles and bullet proof vests out of the cars and told us to stay there and take cover. We stayed crouched behind the vehicles until the gunfire seemed to stop. (I was with my sister, brother in law and 2 under 13 yrs old nieces) we ran thru the AmPM parking lot and into a back door of the Tropicana (I think, I'm not positive which hotel, it is across from AmPM) we reunited with 3 more family members that were under the stage. Then we were told to RUN! We ran all the way to the MGM Convention center.

DETAILS

10/1/17 at Route 99, I heard what I thought were fireworks or a taser gun around 10 pm. The sound got louder and closer and everyone screamed and started to run. My friends and I ran as well. We were hiding behind cars/trucks and staying as low to the ground as we could. I didn't see anyone get shot, but I saw a woman with a shot wound to the head and she appeared deceased. My friends and I ran to a nearby building for safety, they were letting in everyone running. In the building, there was a woman with 2 shot wounds to the arm. She was

DETAILS:
My friend and I we were walking down Vegas Blvd when we got toward the end of the last casinos we heard music and we wanted to see what was going on, we crossed over to the side of where the music was coming from a few minutes after we heard loud noises like fireworks and we looked around and didn't see anything a few seconds later we heard it again and we realized it was gun shots we didn't know where it was coming from and we didn't know what to do. People started coming out from the event and running crossing the street towards Mandalay Bay and other near by places. We didn't know where to run so we started following other people running north on Vegas Blvd and this girl was helping by telling where to run to. We started running with her, there was also police officers directing people where to go. As we were running one of the many people running got shot and blood splattered on girls leg we kept running for our lives as the girl kept telling us to not stop and keep going as we approached the gas station on the corner we turned right and there was

Something that sounded like gun shots / fire crackers coming from the Mandalay Bay South of the Strip. As soon as everyone realized that the noise was gunshots, people started to run and take cover. Most people involved ran to the closest casino, the tropicana, there was an incident where people panicked and ran to the next neighboring building, Hooters hotel & casino, there at the casino there was a make shift triage area, also that is where ambulance began to take injured people to neighboring hospitals.

DETAILS There was a shooting during Route 91 harvest festival. Jason Alden was performing and got shot in the leg. Several people were shot near me. I quickly got on the floor and stayed there for several minutes. Then hopped over the fence and under the stage. We went out the other side and out the venue. Walked until we met up with the rest of our family at MGM Grand Hotel. Stayed there until they brought us to UNLV Arena.
